

nTZS Sandbox — Participant Disclosure & Consent

Ufafanuzi na Ridhaa ya Mshiriki — Majaribio ya nTZS

Sandbox Ref: LD.170/515/02/1254 · **Prepared:** 8 July 2026 (*Testing Parameters 12, 13, R-3 — disclosures in English and Kiswahili.*)

ENGLISH

What nTZS is. nTZS is a digital token pegged **1:1 to the Tanzanian Shilling (TZS)** and backed by TZS reserves held in a ring-fenced trust account at a licensed bank. You can hold, send, and redeem it for TZS.

This is a regulatory sandbox test. nTZS is being tested under the Bank of Tanzania Fintech Regulatory Sandbox (Ref. LD.170/515/02/1254). **nTZS is NOT legal tender** and its use is **restricted to approved test participants**. This is a limited pilot, not a fully licensed product.

Your money is in Shillings. All balances, receipts, and payouts are shown and settled in **TZS**. You can redeem your nTZS back to TZS to your mobile-money account at any time, subject to the limits below.

Test limits (per participant). - Up to **1,000,000 TZS** per transaction. - Up to **2,000,000 TZS** per day. - Up to **60,000,000 TZS** per month.

Fees & timing. Any fees and the expected redemption time are shown to you before you confirm a transaction. Mobile-money settlement times may vary with the network.

Risks. This is pilot software. Although nTZS is fully reserve-backed 1:1 and every issuance happens only after your cash is received, you should understand that this is a test environment and you should only transact amounts you are comfortable using in a pilot.

Your identity. Every wallet is linked to a verified identity — no anonymous wallets. You must complete identity verification (KYC) to transact.

Data protection. Your personal data is handled in line with the Personal Data Protection Act, 2022, and will be securely deleted at the end of the test unless the law requires otherwise.

Complaints. Contact support@ntzs.co.tz. We aim to resolve complaints within **5 business days**. You may escalate unresolved matters to the Bank of Tanzania.

Consent. By continuing, you confirm you have read and understood this disclosure and agree to participate in the nTZS sandbox test.

KISWAHILI

nTZS ni nini. nTZS ni sarafu ya kidijitali iliyothaminiwa **sawa na Shilingi ya Tanzania (TZS) kwa uwiano wa 1:1**, ikidhaminiwa na akiba ya TZS iliyohifadhiwa katika akaunti maalum ya dhamana (trust) katika benki iliyosajiliwa. Unaweza kuishikilia, kuituma, na kuibadilisha kuwa TZS.

Haya ni majaribio ya kidhibiti (sandbox). nTZS inajaribiwa chini ya Mfumo wa Majaribio wa Kifintech wa Benki Kuu ya Tanzania (Kumb. LD.170/515/02/1254). **nTZS SIYO fedha halali (legal tender)** na matumizi yake **yamewekewa mipaka kwa washiriki walioidhinishwa** wa majaribio. Haya ni majaribio ya kiwango kidogo, siyo bidhaa iliopewa leseni kamili.

Fedha yako iko katika Shilingi. Salio, risiti, na malipo yote yanaonyeshwa na kulipwa kwa **TZS**. Unaweza kubadilisha nTZS yako kuwa TZS kwenda akaunti yako ya simu wakati wowote, kwa kuzingatia mipaka iliyo hapa chini.

Mipaka ya majaribio (kwa kila mshiriki). - Hadi **TZS 1,000,000** kwa kila muamala. - Hadi **TZS 2,000,000** kwa siku. - Hadi **TZS 60,000,000** kwa mwezi.

Ada na muda. Ada yoyote na muda unaotarajiwa wa kubadilisha fedha huonyeshwa kabla ya kuthibitisha muamala. Muda wa malipo ya fedha za simu unaweza kutofautiana kulingana na mtandao.

Hatari. Hii ni programu ya majaribio. Ingawa nTZS imedhaminiwa kikamilifu kwa uwiano wa 1:1 na kila utoaji hufanyika tu baada ya fedha yako kupokelewa, tafadhali elewa kuwa hili ni mazingira ya majaribio na utumie kiasi ambacho uko tayari kukitumia katika majaribio.

Utambulisho wako. Kila pochi (wallet) imeunganishwa na utambulisho uliothibitishwa — hakuna pochi zisizojulikana. Ni lazima ukamilishe uthibitisho wa utambulisho (KYC) ili kufanya miamala.

Ulinzi wa taarifa. Taarifa zako binafsi zitashughulikiwa kwa mujibu wa Sheria ya Ulinzi wa Taarifa Binafsi ya mwaka 2022, na zitafutwa kwa usalama mwishoni mwa majaribio isipokuwa sheria itahitaji vinginevyo.

Malalamiko. Wasiliana kupitia **support@ntzs.co.tz**. Tunalenga kutatua malalamiko ndani ya **siku 5 za kazi**. Unaweza kupeleka malalamiko yasiyotatuliwa kwa Benki Kuu ya Tanzania.

Ridhaa. Kwa kuendelea, unathibitisha kuwa umesoma na kuelewa ufafanuzi huu na unakubali kushiriki katika majaribio ya nTZS.
